GT POWER

INVERTER GENERATOR
GTHi4500

4500W /5.6kVA

Use Your Powertool Battery

2 YEAR WARRANTY COMMERCIAL

4 YEAR WARRANTY DOMESTIC

GT Power 4500W/5.625kVA Hybrid Inverter Generator

The GT Power GTHi4500 isn't just a generator, it's a hybrid power station. Run on petrol, or draw silently from your tool battery when the engine's off. Perfect for keeping essentials charging without firing up the motor. When full power is needed, start instantly with your tool battery or trigger it remotely. Clean, stable inverter output keeps sensitive electronics safe. Smarter, quieter, more versatile, this is the next generation of portable power generation.

- **Hybrid petrol/tool battery operation**
  Run silently on battery power when the engine's off, keeping essentials powered without the noise or fuel consumption
- **Electric Start via Power Tool Battery**
  Use your current power tool battery to allow electric start function. Machine fitted with Milwaukee style
- **Multiple tool battery compatibility**
  Adapters available for Makita, Bosch and Dewalt batteries, giving flexibility across tool brands
- **4500W peak inverter output**
  Delivers clean, stable power for sensitive electronics with enough capacity for demanding applications
- **Parallel connection ready**
  Connect two units together to double output capacity when more power is required

Technical Specifications

Engine	Powerdyne OHV 159cc 4 Stroke
Rated Power (Petrol & Batteries):	3900watts / 3.9KW
Max Power (Petrol & Batteries):	4500watts / 4.5KW
Rated Power (Petrol Only):	3500watts / 3.5Kw
Max Power (Petrol Only):	4000watss / 4.0Kw
Start System:	Recoil / Electric start via Powertool battery (sold separately)
Outlets:	2 x 15A AC 230V , 1 x 8.3A DC 12V , 1 x USB
2 Wire Start:	Yes
Weight (dry):	25.7kg
Dimensions:	485 x 285 x 455mm
Oil Capacity:	SAE 10W/30 450ML
Fuel Capacity:	3.15L

Whats Included

- 450ml GT POWER Oil Bottle + Oil Funnel
- User Manual
- Toolkit

Use the battery you already own

Machine only, battery not included, compatible with Milwaukee, Makita, Bosch and Dewalt with optional adaptors

Key Optional Accessories

1. **Battery Adapter -** Makita / Bosch / Dewalt
2. **GTGC-S -** Generator Cover
3. **16757 -** Parallel Kit
